# CREATE YOUR OWN RED WINE, BLENDING WINE WORKSHOP

The assembly workshop is a unique experience. You will create your own wine like the winemaker of the estate. After tasting the wines from the red grape varieties, you will assemble the different grape varieties and create according to your own taste the red wine that suits you.

You will make your own blend, your own bottle with its label that you can personalize in memory of this discovery workshop within the domain and in the presence of the winemaker.
